## Prepare for Medical PG in UK while pursuing MBBS in Kazakhstan

### BENEFITS OF RESIDENCY IN UK

The process of applying for specialty training (residency) in the UK is known as specialty recruitment or national recruitment and can be thought of as similar to "the match" in the US. If you want to work as a doctor in the UK, then you'll need to be registered with the General Medical Council (GMC). PLAB exam has 2 components: PLAB 1 which is a written test, and PLAB 2 which is a practical test. Fortunately with the right preparation, PLAB is a very manageable exam and there are good pass rates which are increasing year on year. In 2024, PLAB will be replaced by the UKMLA which will be required for both UK graduates and non-EU graduates. The best first job for most international doctors starting out in the UK, is as an employed non-training junior grade doctor in an NHS hospital. MOKSH Offers Online Coaching for PLAB 1 exam. The MOKSH Qbank is intensive and with most clinically oriented questions helping student develop their diagnostic skills.
